00.33.3.44.02.87.10

**Part N° : P42**

# FITTING INSTRUCTION

- Remove original air box (see diagram A).
- Place and link the hard hose (d) with the air flow-meter on the air box ( see diagram A ).
- Put the GREEN induction kit on the air flow-meter (see diagram B ).

### NOTE

- On some cars the electric harness must be placed at the top of the induction kit.

### IMPORTANT

The running of your engine is linked directly with the maintenance of the air filter. Clean your air filter every 7000 kms or 4500 miles with Green cleaning products.

### WARRANTY

The air filter guarantee is for defects in materials and workmanship only. Guarantee is void if the air filter is damaged by an accident, unreasonable use, neglect, misuse, abuse, improper installation or other causes not arising out of defects in materials and workmanship. The induction kit is a technical product so it is necessary to have some basic mechanical skills. If problems do not hesitate to have your kit fitted by a professional.
