00.33.3.44.02.87.10

Part n° :P248

FITTING INSTRUCTION

Disconnect the oil vapor recycling pipe on the original air box.

NOTE:

Remove the oil vapor recycling pipe. (See diagram A)

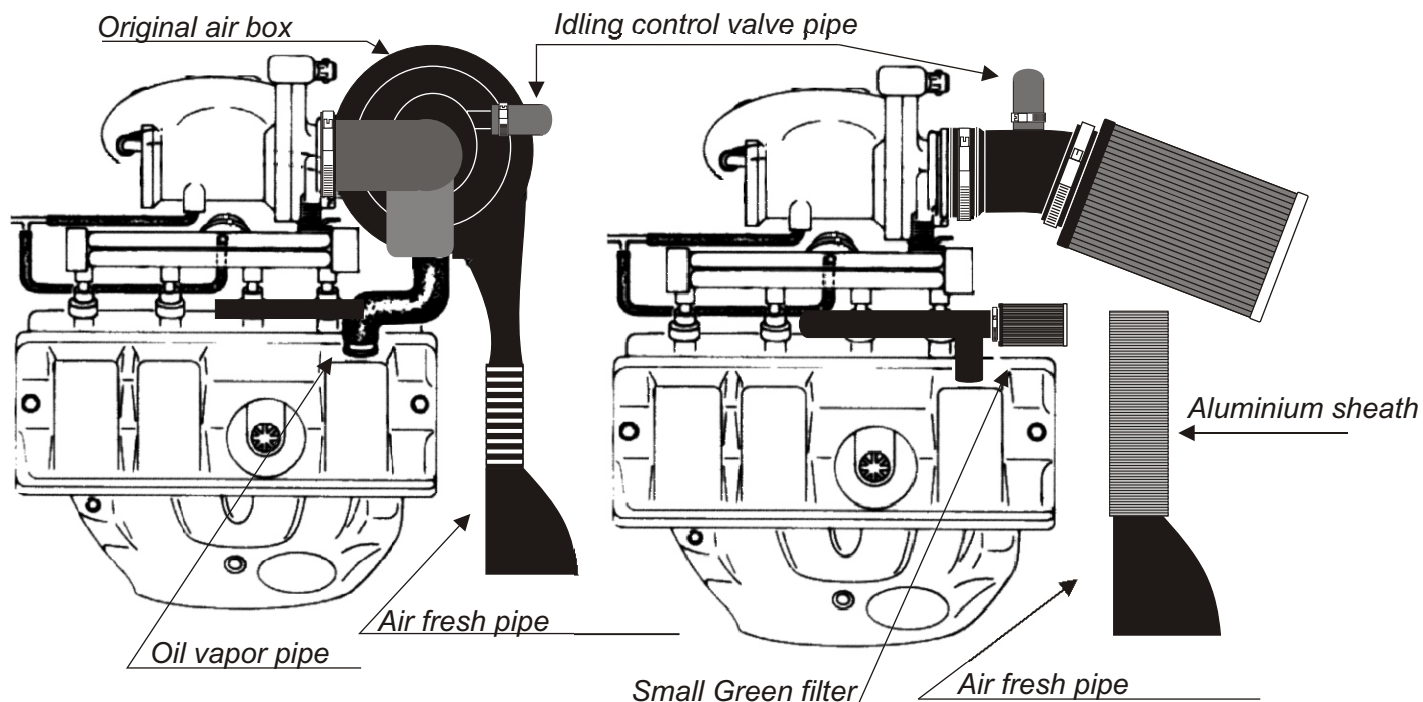

Fix the small green filter to the other pipe.

Remove the complete original air box.

Fix the green kit to the throttle box taking care to remove the sealant.

Fix the idling control valve pipe to the connector made for that.

The aluminium sheath must be towards the green filter (see diagram).

IMPORTANT:

The running of your engine is linked directly with the maintenance of the air filter. Clean your air filter every 7000 kms or 4500 miles with Green cleaning products.

WARRANTY:

The air filter guarantee is for defects in materials and workmanship only. Guarantee is void if the air filter is damaged by an accident, unreasonable use, neglect, misuse, abuse, improper installation or other causes not arising out of defects in materials and workmanship. The induction kit is a technical product so it is necessary to have some basic mechanical skills. If problems do not hesitate to have your induction kit fitted by a professional.
